

Says

What have we heard them say?
What can we magine them saying?

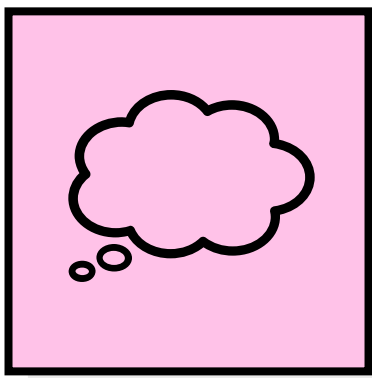

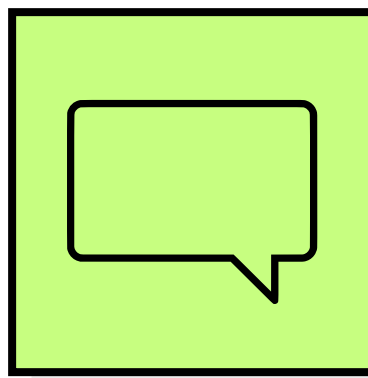

Thinks

What are their wants, needs, hopes,
and dreams? What other thoughts
might influence their behavior?

You have to
safeguard,
store, and
manage it

You must
understand the
drivers behind
these trends in
warehouse
management

Supply chain
management
skill
requirements

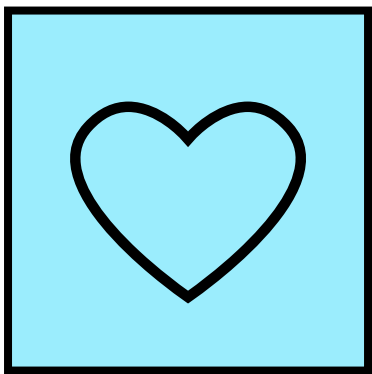

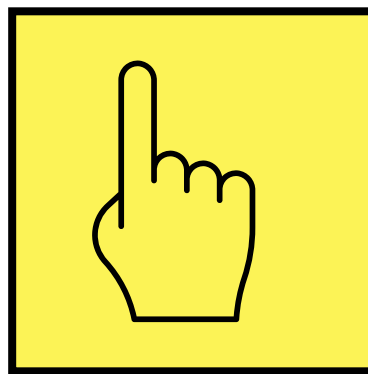

Of how much
time is wasted
for refilling and
maintaining
resources

Of getting work
done without
having to take
multiple follow
ups

Manage
planning
and
forecasting

Inventory
Management
System for
Retailers

Use the
registry
system to get
the resources

Physically goes
and contact the
person in
between the
classes to list
items

takes
constant
follow ups till
item is
rpaired

What if the
implementation
fails?

What if I
choose the
wrong
vendor?

Will
employees
be able to
learn a new
system?

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and
anxieties? What other feelings might
influence their behavior?
